

Dennis & Carolyn Long Named 2023 Dairy Festival Parade Marshals

Both Dennis and Carolyn Long are lifeLONG residents and have contributed for a LONGtime to the Elsie Community. Dennis thru the Elsie Lions Club and Carolyn thru the Dairy Festival Committee.

Dennis grew up working on the family dairy farm, Long's Dairy, and graduated from O-E in 1971. Carolyn grew up on a small hobby farm ran by her father, Les Woodard, she was a 1972 O-E graduate. Both are familiar faces in the communities of both Elsie and Ovid.

Carolyn first joined the festival committee in 1987 when she assisted her friend, Jane Miller with the Festival Queen's Pageant. The following year she chaired the event and was involved with it in one capacity or another until the pageant's conclusion a few years ago. In 2003, she became Festival President and held that position for the next 15 plus years. There wasn't a May, June or July that their kids couldn't recall countless family events that weren't interrupted by some festival question or crisis.

Dennis helped his wife behind the scenes with the pageant until joining the Elsie Lions Club in 1992. At that time he was one of the younger guys in the club and began learning the ropes from the elders and took his turn with the grunt work. Today, he is considered one of the elders, but with less members in the ranks, he still finds himself doing the physical work along with the rest of the club.

Today, when the couple aren't working on the festival, they enjoy spending time chasing their grandkids from one sporting event to another. Carolyn is a realtor and the Fairfield Township Clerk and Dennis works for the US Postal Service as an Elsie rural route mail carrier and continues to farm. They have 2 adult daughters, a son-in-law and have been blessed with 3 grandsons and a granddaughter. They are fortunate in having family that live close by and are thankful for the many close friends who complete their lives.

Make sure you take the time to wave at them during the parade on Saturday, or stop and thank them when you see them at the festival for their LONGtime contributions to our communities.

Busy Agenda for the Ovid-Elsie Board of Education

by Dawn D Levey

ELSIE – The regular meeting of the Ovid-Elsie Area Schools Board of Education was held Monday, June 26, 2023. Officials addressed a very lengthy agenda with a focus on revising the 2022-2023 budget and adopting the proposed general operating budget for 2023-2024.

Under reports, the budgets were presented by representatives from the Clinton County RESA who will be overseeing the district's finances as of July 1, 2023, Ben Schuler, and Lori Schomisch. The public hearing was held regarding the Ovid-Elsie revised budget for the general fund, food service, and student activities. In addition, the Ovid-Elsie proposed 2023-24 budget for the general fund, food service, and student activities was presented, as well. Both presentations met the mandates required by law. The complete budget is available upon request at the Ovid-Elsie administrative office. Ovid-Elsie Area Schools maintains a 20.09% fund balance which keeps the district in a healthy financial position.

Schuler further report that with the current assumptions, General Fund revenues are projected at \$18,195,520 and expenses are projected at \$18,687,956. That equates to Ovid-Elsie using \$492,436 of its fund balance in 2023-2024. This budget reflects a decrease of 18 students. Cost cutting measures are reflected in the 2023-24 budget proposal. There are several key positions that will not be filled based on projections. There will be some savings expected by having CCRESA provide financial services. In addition, operations, transportation, technology, and athletic budget requests have been reduced. The district remains financially healthy. But this is a warning sign regarding future trends.

Mr. Dan Davenport reported that the Section 98b Goal Submission – greater legislation relating to COVID, law determined additional testing, it is a compliance issue with the State of Michigan. Districts receive \$12.50 per student for the tool that is utilized. Ovid-Elsie Area Schools is in compliance.

Officials took formal action to approve the revised 2022-2023 general operating budget and the revised food service budget.

The 2023-2024 Ovid-Elsie Area Schools proposed operational budget, was approved as presented. All agreed. As was the food service 2023-2024 budget. Josh Miller, trustee, noted that the budgets as presented were very conservative and will be better than projected.

In addition, Mary Thompson, Board treasurer, strongly recommended that the district plan for the future and set funds aside for capital outlay projects like roofing projects, and school buses.

Tax Levy L-4029 was tabled to be addressed at a later date.

Ms. Rachel Parsons, presented the K-12 handbooks, it was explained that the goal is to align the k-12 student handbooks. Currently the building administrators have aligned attendance, medical information, behavior, PBS, and truancy. It was agreed to table action until the July meeting, providing time to complete the entire project.

In addition, approval of the high school curriculum was tabled until the regular July 17, 2023 meeting.

Officials took action and approved the following employee contracts. Leonard Elementary School: Christina Swisher, 2nd grade; Brittney Moore, Kindergarten; and Ashley Murrey, first grade. EE Knight Elementary School: Madison Jones, 5th grade; Shauna Cermak, resource room and alternative high school.

Next the following letters of agreement were approved: Staley, head district engineer; and Karla Perrin, interim transportation and administrative assistant.

Next, officials received a letter of resignation from second grade teacher Brittney Nurenberg that was approved with regrets.

A representative of Marauder Kids Learning Zone LLC a private business that administers a preschool and daycare center at Leonard Elementary School. The business will be closing, effective July 28, 2023. The LLC presented an opportunity for the district to purchase the equipment and assistance if the district would like to continue to provide the service. Officials took action to enter into a conservation with MKLZ regarding the purchase of the assets. Discussion followed. Noting that Thompson preferred a committee approach.

Under the topic of comments from board members Mary Thompson requested that discussion begin regarding establishing board sub-committees. No action taken.

The consent agenda was approved that included: approval of the meeting agenda, minutes from the May 15, 2022 regular meeting, the May 22, 2023 special board meeting, June 1, 2023 special meeting and the June 13 committee meeting. In addition, payment of the bills, monthly financial reports, annual MHSAA membership resolution and the FFA annual field trip request.

Lincoln Monroe Jacobs

Lincoln Monroe Jacobs, age 88, of St Johns died Wednesday June 28, 2023, at his home in Olive Township surrounded by his loving family.

Lincoln was born on March 13, 1935, in Lupton Michigan, the son of Isaac and Alice (Blood) Jacobs. Lincoln grew up in and around the Lupton area where he graduated from Rose City high school. After graduating high school, he attended Lake Superior State University for 2 years. Rep. BeGole: Budget Plan Spends Recklessly and Without Needed Transparency

submitted by Denny Schwarze

State Rep. Brian BeGole today voted against an advancing budget proposal that bloats state government in record fashion while shortchanging local road projects and public safety.

While BeGole successfully advocated for funding to extend the Clinton-Ionia-Shiawassee trailhead into Owosso and helped secure key commitments to pay down debt within the plan, the amount of pork packed into the proposal – which totals nearly \$82 billion – was too harsh of an ask of taxpayers as they continue to struggle with everyday costs.

“The trail project was something that had been in the works for almost two decades and I’m glad to see funding go through to get it done,” said BeGole, of Antrim Township. “Instead of individual budget plans for various departments that could be reviewed and voted on, this budget plan is rolled together into a mess,” said BeGole, of Antrim Township. “It doesn’t do nearly enough to put money back directly into our communities and help hard-working people. It merely asks them to pull out the checkbook and fund pet projects on a big government wish list. That’s not a responsible way forward.

“We need to focus on plans that prioritize our families and kids. Taxpayers deserve return on their investment and careful deliberation regarding how the dollars they afford state government are spent. That did not happen today with this budget.”

BeGole highlighted \$50 million for an undeclared project in the greater Detroit area, \$500 million that can be authorized for corporate giveaways through the state’s Strategic Outreach and Attraction Reserve, and funding for more than 1,000 new bureaucratic positions that will burden small businesses and could prove difficult to eliminate in future years as examples of resources that have been used more responsibly or committed back to taxpayers. Annual adjusted gross appropriations have increased by over \$30 billion from where they were a decade prior.

“This massive spending plan was an all-or-nothing choice for representatives of the people,” BeGole said. “It opens the door to unsustainable spending that doesn’t prioritize a handful of critical needs. It spreads everything out and doesn’t truly work to address issues we’re facing.”

House Bill 4437 and Senate Bill 173 will soon head to the governor for consideration.

Recycling in Laingsburg Keeps Growing

submitted by Ellen Link

The Greater Laingsburg Recyclers’ drive-thru recycling facility at 7500 Woodbury Rd. keeps rolling right along. However, our normal schedule will lose the 1st Tuesday due to its being July 4th, so we’ll be open the 3rd Tuesday (July 18), 4-6 p.m., and the 2nd and 4th Saturdays (July 8 and 22), 9 a.m. to 1 p.m. Please note, by this time last year we’d shipped off 58,815 lbs. of recyclables; this June the year’s total stands at 87,675 lbs.! Plus, the GLR was truly honored to receive the 2023 Community Champion Award from the Shiawassee Regional Chamber of Commerce! Teamwork is a wonderful thing.

Whether you’re one of the growing number of new recyclers coming to our facility or a long-time user, you probably (like us) find our inability to accept “clamshells” confusing and frustrating. Here’s the skinny: A clamshell, made of two pieces of #1 PET plastic, provides a light-weight but strong and seemingly practical package for items like lettuce, berries, tomatoes and such. However, it’s formed differently and therefore has a different density than #1 plastic water bottles. “Plastic clamshells... break into different sized chips than plastic bottles, melt at a different temperature, and often have strong adhesives on them that are hard to get off. All of this means that a recycler can’t just mix clamshells and plastic bottles together all willy-nilly: blending them together can produce a material that doesn’t make for a high-quality recycled container or product.” As a result, many recycling facilities—like ours—must opt for a pure product that will be desired by manufacturers, since rejected materials end up in a landfill. You can read more about it here (<https://blog.ridwell.com/blog/the-great-clamshell-battle-why-are-clamshells-so-hard-to-recycle>).

The growing list of what we accept for recycling is long so pay attention. We now accept televisions (\$10-20) and monitors (\$5-10), the fees dependent on type and size (call or check our website). We also recently added Brita water filters and resumed taking denim (no more than 5% spandex and zippers and metal buttons removed). The rest, clean and separated: Newspaper and phone books; tin and scrap metal, separated from aluminum; corrugated cardboard (include brown paper bags here); boxboard; mixed office paper and junk mail; magazines; books; plastics—#1 bottles and jars, no clamshells (berries, bakery and salad containers), #2 (milk jugs/cloudy separated from solid colors), and #5 (“tubs”, e.g., yogurt, sour cream, etc.); non-corroded household batteries (please separate into regular, rechargeable, lithium and button); glass bottles and jars only (all colors)—no windows, mirror panes or drinking glasses; electronics; empty inkjets; and dental care products like toothbrushes, spent toothpaste tubes and floss containers. If using plastic bags, please take them back when emptied.

Don’t forget to check out the freebie shelves by the exit door. You’ll also find a variety of books there and in our “tiny library” situated by the road. Free treasures!

For details on what we accept, visit our Facebook page or website--<https://recyclelaingsburg.wixsite.com/mysite>. Questions? Contact Terry or Ellen Link at (517) 651-2005 or Beth Lange at 651-6437. As always, working toward a sustainable future in our own backyard.

Rock Out With Miranda & the M80's on July 5th

submitted by Bill Tennant

If you're looking to spend an evening with one of the most energetic and entertaining bands in mid-Michigan, mark on your calendars, Wednesday,

July 5 as the day to make that happen. That's when Miranda & The M80s will hit the stage at the William E. Tennant Performance Shell in the beautiful St. Johns City Park.

"This group, formed in 2015, has been a state wide favorite for a number of years," said Bill Tennant, Concert in the Park coordinator. "Jeff Dietrich, the group's leader and drummer, is a graduate of St. Johns HS – he and the band do a great job of playing all of that wonderful 80s music. You will thoroughly enjoy this evening of rocking out with Miranda, Jeff, and their friends."

Miranda & The M80s consists of Miranda, who brings a background of classical training and musical theater experience to her amazing vocals, Len, 'The Axe' who studied guitar at MSU, Drew 'The Bass Melter' has a few years of classical training, and Jeff, who has a vast background of drumming experience in many different genres. This group of unique individuals come together to form this amazing cohesive band – a band you're going to want to spend some time with.

The concert in the Park series is co-sponsored by the Clinton County Arts Council and the City of St. Johns. The concerts are open to the public free of charge – donations are graciously accepted. Saving for the American dreams

Roth IRA can help you save for retirement and your children's education

Chris and Heather want to help their young son go to college someday. They also want to retire when they're 65 – but they don't know how they can save for both dreams.

A Roth IRA could provide flexibility. You can withdraw contributions tax-free from your Roth IRA at any time. Pay only income taxes on earnings withdrawn before you're age 59 if the money is used for college expenses. If your child doesn't go to college or receives a full scholarship, the money remains in your Roth IRA for retirement.

Save for the future while maintaining some flexibility for college expenses. A Modern Woodmen of America financial representative can help you determine if a Roth IRA could help you achieve your dreams.

Let's start the conversation.

Robert Joseph Skriba

Robert Joseph Skriba, age 85, of Elsie, Michigan, passed away on Thursday, June 22, 2023, surrounded by his family.

Robert was born at home on March 11, 1938, the first child of Joseph and Jane (Matousek) Skriba. He spent his childhood in the Elsie area where he enjoyed spending time with his siblings and his large extended family. Upon turning 18 years of age, he enlisted in the US Army in the fall of 1956. After completing bootcamp, he trained to be a medic and was stationed in Korea. He was honorably discharged in 1958. He was a proud Veteran.

In 1964, Robert and his father formed Skriba Farms, which later expanded to include a third partner, his brother, Rick. Together, the three of them successfully operated the dairy and cash crop farm. He thoroughly enjoyed spending time on a tractor and combine. After 53 years, Robert retired from active farming in 2017, but remained a lifelong farmer at heart.

Robert met Charlene Arens at a local roller skating rink in 1958. They were married on August 20, 1960, at St. Mary's Catholic Church in Westphalia, Michigan. Together, they welcomed four children: Bob, Gary, Jennifer and Matthew. Robert and Charlene taught their children the value of working on the farm and caring for one another. They traveled all over the country in the family motor home, but also enjoyed vacationing in Hawaii, Germany, Austria, Switzerland, and Lichtenstein. Robert and Charlene celebrated 35 years of marriage until Charlene passed away in 1995.

On February 19, 1999, Robert married Helen Schneider at St. Joseph's Catholic Church in St. Johns, Michigan. They enjoyed their golden years together, attending family functions and supporting their grandchildren. They celebrated 23 years of marriage together.

Robert loved his family, farming and his Catholic faith. He was proud of his Czech heritage and especially enjoyed eating homemade kolache. Robert also enjoyed listening to polka music and playing the accordion in his younger years. He had a keen interest in technology and, in the 1980's, he self-programmed the family's first personal computer. He also enjoyed wood working where he crafted gifts for his family. Robert was a kind hearted, thoughtful, and generous man. He always looked upon life with optimism and offered his children and grandchildren invaluable advice. He lived a life dedicated to his faith. He will be greatly missed by his family.

Robert is survived by his wife, Helen. He is also survived by his children: Robert and Judy Skriba; Gary Skriba; Jennifer and Tom VerBeek; grandchildren: Andrew, Ashley, Tyler, Owen, Luke, Lauryn, and Addelyn; and great-grandchildren Kaia, Gryphon and Darrin. Additionally, he is survived by his step-children: Steve Schneider, Sue Glover, Mike (Kelly) Schneider and Jon Schneider; and siblings: Jean (John) Dvorski, Pat Ladiski, and Richard (Billie) Skriba. Robert was preceded in death by his parents, his first wife Charlene, his son Matthew, granddaughters: Petra and Stella, and his great-grandson, Dayton.

A Mass of Christian Burial was held at St. Cyril's Catholic Church, Bannister, Michigan on Tuesday, June 27, 2023, with Rev. Fr. Raj Bandaru presiding. Burial has taken place at Riverside Cemetery, Elsie, Michigan.

Memorials may be made to JDRF (Juvenile Diabetes) or St. Cyril's Catholic Church. Online condolences can be sent to www.smithfamilyfuneralhomes.com. The family is being served by Smith Family Funeral Homes, Elsie, Michigan

Jesse Lloyd Grove

The fight is finally over for Jesse Lloyd Grove on June 20 2023. Born February 22, 1983.

He is survived by his mother Cindy (Brown) Grove, sister Amy (Lenon) Hall, Grandfather Arnold Grove, Sr., many aunts, uncles, nieces, nephews and cousins.

He was preceded in death by his father Rex Grove, Phyllis (Worthy) Grove, Kay (Wing) Grove, Grandparents Eddie & Robbie (Webb) Brown, Uncle Chris Yelenek, Aunt Tina (Grove) & Kenny Austin, Uncle Arnold Grove.

Jesse loved hunting, fishing, camping, family and friends. A bonfire will be held at a later date.

Please Attend Duplain Township Board Meeting July 12

Letter to the Editor:

I'm writing to invite the readers to attend the Duplain Township Board meeting scheduled for July 12th at 7:30 p.m. at the township office located in Elsie next to the library. That meeting will address Industrial Wind Turbines and Solar Farms in our township.

As for the Wind Turbines, I suggest:

1. We don't need them. This country has enormous resources of petroleum and natural gas that can meet our energy needs safely for decades.
2. They are an obvious blight on a landscape that would otherwise be dominated by miles of farm and pasture fields.
3. Many turbines have intermittent production and require fossil fuels to generate consistent electricity.
4. These Turbines also emit sound that are harmful to birds livestock and people.
5. They are not commercially viable. In short, but for enormous government subsidies funded by our taxes they wouldn't survive in a market economy
6. Significant part of the meager energy they produce is sold to utility companies for distribution elsewhere in Michigan.
7. The turbines have a useful life of 20 years or less and then become an eyesore that we and our children must endure.

As to solar farms, they:

1. Convert prime, productive farmland into structures that produce little energy.
2. Given our winters, work if at all, for only half the year.
3. Release toxins that jeopardize us, our children, and our grandchildren.

Please attend the meeting and learn about these and related issues and let your voice be heard.

Wolfpack Softball Girls Are Academic All-Staters; But That's Just the Best Part

LAINGSBURG — When your team wins 36 times in 43 games and you have an iconic softball coach approaching 900 wins, you'd expect some rather remarkable accolades.

Welcome to Laingsburg.

Coach Jeff Cheadle's Lady Wolves advanced to the MHSAA Division 3 Final Four, after sweeping CMAC, District and Regional championships. They did it starting four freshmen, a sophomore iron horse pitcher, and graduating just three seniors.

But wait: that's not the best part. The Wolfpack was selected Academic All-State with a team-average GPA of 3.78.

The individual honors rolled in:

Junior shortstop Ashley Bila hit .525 with a .703 slugging percentage after ripping 62 hits in 118 at-bats. The Wolfpack table-setter all season long scored 62 runs and stole 43 bases in 43 games. Ashley was name 1st Team All-CMAC, All District, All Region, and honorable mention All-State.

Sophomore pitcher Addyson Buchin was a two-way star for the Wolves, in the circle and in the batter's box. As a hitter, she slugged .391 with 49 RBI. As Laingsburg's nearly lone pitcher, Buchin went 35-6 with a 1.50 ERA, striking out 258 and walking just 41. Incredibly, she logged nearly 220 innings pitched. That will earn you 1st Team All-CMAC, All District, All Region and honorable mention All-State plaudits.

Catcher Harper Strouse was voted the team's MVP, in addition to 2nd Team CMAC and All-District fetes. Harper struck for 16 put-outs from her backstop position, while hitting .327 with 36 RBI and scoring 30 runs. She returns for three more seasons.

Bella Latuszek, the Wolves 2nd baseman, was honored as 2nd Team CMAC, All District, All Regional and honorable mention All-State. The Wolves' RBI leader with 53, Bella hit at a .380 clip with a .527 slugging percentage. In 242 innings, she logged a .929 fielding average.

Haley Konieczny was named 1st Team CMAC, All District, All Regional and Academic All-State for her classroom exploits. The LHS slugger cracked four home runs, 9 doubles, drove in 39 runs while hitting .395.

Savanna Stirm, an anchor at 1st base, was honored as 2nd Team CMAC and All-District. "Savvy" was second on the club with 200 putouts, meanwhile hitting in the heart of the Wolves' order with a .424 average, plating 42 RBI and striking out just 5 times all season.

Junior outfielder Ella Merrell was an honorable mention All-CMAC selection with a .316 BA, 30 hits, 40 runs scored and 29 RBI — all from the #9 slot in the LHS batting order. She also swiped 10 bases.

Ellie Baynes anchored the third base side of the infield and was named Academic All State. At the plate, she hit .239 as a clutch hitter with 37 RBI and 37 runs scored.

Front row (l-r): Willow Patterson, Alaina Asher, Ashley Bila, Ella Merrell, Haley Konieczny, Skylar Stiff. Middle row (l-r) : Harper Strouse, Bella Latuszek, Haley Cronk, MaKenna Johnston, Savanna Stirm.

Back row (l-r): Coach Kara Mahoney, Coach Mike Cooper, Addyson Buchin, Ella Baynes, Coach Jeff Cheadle, Coach Madison Jonas.

Fundraising Continues for Families Affected by Colby Lake Rd. Crash

LAINGSBURG -- The mourners, the friends, the family members -- Wolfpack Family -- came out in droves for a Sunday, June 25 candlelight vigil in honor of Dustin Winans and Keegan Schneeberger, the teenagers lost tragically in an automobile crash the evening of June 20 on Colby Lake Rd.

Also lifted up in thought and prayer were Sophia Cisneros and Ethan Schneeberger, two teens injured in the accident.

Rows of tractors of all makes and sizes ringed the area where tributes were shared. One of the most moving was with Wolfpack varsity wrestling coach Shawn Baynes -- who had all wrestlers past and present, dozens of them -- up to the front to throng him while he made his touching remarks. "YOU are the

light to carry from here," said pastor Thomas Rundel in his closing comments.

Fundraising continues with a huge community effort to support the families. You can donate by using the Dairy Den (Venmo) account, with the scan code printed here. Donation tubs have also been placed at businesses throughout the local Shiawassee and Clinton County areas.

UP GOES THE TENT: On Thursday, June 29th, kids and adults were on hand to watch the raising of the tent for the Culpepper Meriweather Circus performances that evening hosted by the Ovid Lions Club. Those in attendance were able to learn all about what's involved in getting ready for the circus as they travel from place to place putting on shows. One of the lions was catching a nap before his performance on Thursday evening. All 3 big cats belonging to the circus were rescues.

Ashley Community Schools Received Grant from Gratiot County Community Foundation

submitted by Deann Smith

Ashley Community Schools has received a generous grant from the Gratiot County Community Foundation to make updates in our Science Lab through The Powell Chessin Science and Technology Education Donor Advised Fund! Because of this support, we were able to replace old, dried up specimen jars, purchase a tabletop dishwasher for our lab glassware, a skeleton and several models including; lung, juvenile jaw complete with secondary teeth, eye, digestive system, DNA isolation kit and several lab demonstrations. The models will be great for our Anatomy class this Fall as we dive into the human body systems. Students, 7-12 grade will be able to access the specimens and models as the topics arise throughout our updated science curriculum. I anticipate students to have a deeper understanding, sparked interest and the desire to dig into scientific phenomena. Classes that will be able to benefit from this purchase are Chemistry, Biology, Ag Science, Middle School Science, Anatomy, STEAM, and Explorations in Science.

Once again, we'd like to express how thankful we are to be chosen as recipients of grant funds from the Gratiot County Community Foundation.

LAFCU Awards \$2K to Contest Winner

submitted by Ashley Sandborn

LANSING— LAFCU announced Reid Gritsavage of St. Johns was named the winner of its contest that encouraged members to direct deposit their IRS tax refunds into a LAFCU account. A check presentation was held for Gritsavage at LAFCU headquarters and West Lansing Branch, located at 106 N. Marketplace Blvd. in Lansing.

Gritsavage was awarded \$2,000 after he was selected in a random drawing of members who direct deposited their IRS tax refunds before April 30. Gritsavage is a 30-year member of LAFCU and currently works as a senior software engineer for Auto-Owners Insurance.

"Winning this contest was a complete surprise and so exciting," said Gritsavage. "I saw the contest on the website but never expected to win. I am very grateful for this opportunity and will plan to use these funds to pay some bills."

LAFCU's Shelia Scott (L) and Kelli Ellsworth Etchison (R) present a \$2K check to Reid Gritsavage (center), after being named the winner of a recent contest held by the credit union to encourage its members to direct deposit their IRS tax refunds into a LAFCU account.
